- Road Cycling | Badminton | Hiking

Professional Experience

Working Student / Intern in Direct Purchasing,
Knorr-Bremse Systeme für Schienenfahrzeuge GmbH (SfS)
09/2024 – Present

Cross functional procurement role across 4 working areas: Commodity Management, Sustainable Purchasing, Tools & Processes and AI Working Group.

- Coordinated *NDA and Supplier Code of Conduct* rollout with suppliers, legal teams, and commodity managers to support compliance and *supplier governance* activities.
- Supported *supplier carbon-transparency* initiatives through emissions-data onboarding, *supplier coordination*, and *sustainability reporting* workflows using carbmee.
- Prepared *spend transparency*, supplier overviews, *KPI tracking*, and *cost-structure analysis* for motors and couplings commodity activities.
- Developed *VBA-based purchasing controlling* tool for savings planning, project tracking, and reporting visibility.
- Built *AI-assisted workflow* for supplier sustainability evaluations and recommendation generation.
- Supported *Master Supply Agreement* and *Quality Assurance Agreement* revision processes through coordination between purchasing, controlling, and legal stakeholders.
- Designed AI-supported *contract management* workflow for contract comparison, risk review, and *negotiation preparation*.
